

Sustainable Vocational Education

Shelter Rehabilitation through
Utilizing Sustainable Technology

Needs

- Maintain V.E. (Job opportunity for surviving) for poor youth & their families
- Provision of shelters for H.S. cases (expand current possibilities)
- Securing protection (human rights aspect)

Addressing the Needs

Goals

- **Short – Term Goals :**

(April – Sept '09)

- M.O.U : Arial Housing Initiative, University of Colorado, UNRWA
- Training by Arial Housing
- Equipment needed
- Curriculum Development / Staff

(Sept – June '09)

- Production & Installation at Camps in Cooperation with EWB-Palestine

Goals

- **Long Term Goals:**
 - Sustainable System
 - Self Sufficient re-utilizing shelter rehabilitation budget
 - Development of business plan
 - Expansion regionally
 - Possibility of exporting idea to other UNRWA fields

Resources

- Human (trainers, instructors, trainees, and decision makers / approving authority)
- Material (equipments & machines, building materials)
- Monetary (3 partners contributing)

Road Blocks

Refugee Community Reaction
(settling vs. right of return)
