EWB-International Global Forum 2018

MESSAGE FROM THE PRESIDENT

2018 was a very good year for EWB-International! EWB-I is being recognized by many as an up and coming organization and we are now receiving requests for partnerships from organizations such as AutoDesk, IFEES, and Siemens Stiftung. In addition to the awareness-building outside of EWB-I, we have done an internal look at our foundation and have made changes to bring us up to today. We have refreshed our mission and vision, we have enhanced our website, and we have a multinational staff team in place.

With our staff in place, we are working across the globe to provide resources to existing EWBs in terms of contents, projects, and placements on multinational teams working on disaster response, to mention a few. We are also working to develop new EWBs and to provide them with the resources to connect to the network.

But, most of all, we see progress in the work that EWBs do to move forward with the development of a more global engineer and work in underserved communities. All of the EWBs are working to move our overall mission and vision forward in a way that is making a transformational impact. Thank you to all of the EWBs for the important work that you do and the continued support to EWB International. The world is a better place.

EWB-International President
Catherine A. Leslie, P.E.

EWB-I Mission & Vision

VISION

“A sustainable world where engineering enables long-term positive social and global development for the benefit of people and the environment everywhere.”

MISSION

EWB-I seeks to promote collaboration so that collectively we can achieve more than the sum of our parts and fulfill our mission
“To be the beating heart of the engineering movement for sustainable global development, building and evolving engineering capacity throughout the world.”

NEW STAFF

Wendy Cowan

**EWB-I Secretariat-
Executive Director**

Seasoned association executive with over thirty years experience in all aspects of business management who holds the Certified Association Executive (CAE) credential. Has been associated with Engineers Without Borders for the past twenty years, working to establish new member associations and set them up for success. Wendy has a strong financial background and an MBA from the Pennsylvania State University, and also serves as the EWB-I Treasurer. Due to her expertise in all areas of association governance, she is also serving as the EWB-I Secretary. Wendy has been associated with engineering her whole life as the daughter of an industrial engineer, followed by work at the American Society of Civil Engineers and the American Association of Engineering Societies.

Bronwynne Oosthuizen

**EWB-I Secretariat-
Implementor**

Worked largely in project management, client relations and education with a strong background in community work since high-school. EWB-University of Pretoria Co-founder and EWB- South Africa Community manager. Qualified as a product owner and scrum master in agile development wherein actionable business models are built from scratch and entrepreneurs are supported in creating, marketing and ultimately shipping their product to their end users. Extremely passionate about conservation and serving communities to improve quality of living with experience in non-profits ranging from animal shelters to crèches for children from low income households with special medical needs.

FINANCIAL REPORTS 2018

-Balance Sheet-

EWB-I brings together engineers, students and anyone with a passion for helping disadvantaged communities improve their quality of life. EWB-International works with EWB National Member Associations to drive the UN's Sustainable development goals through corporate partners and donations

EWB-International Global Forum

The 2018 Global Virtual Forum focused on covering topics for the establishment of new start-up memberships. The 2018 Global Forum was powered by Arconic. This was the first forum we have hosted virtually to accommodate as many people across the globe as possible

TOPICS:

- Welcome and message from president of EWB-I
- Impact framework - EWB-Australia
- Marketing and online presence - EWB-SA
- G-suite for non-profits- EWB-USA
- Updates from our members

Join us for the 2019 Global Virtual Forum where we will be broadcasting throughout the year covering a wide range of topics. To become involved email:
bronwynne.oosthuizen@ewb-international.org

Follow us :
@ewbinternational

Thank you for supporting the EWB-International
Vision and Mission.
