MESSAGE FROM THE PRESIDENT

In 2019, Engineers Without Borders International had a busy year supporting the amazing work of our Member Associations. Our staff has been busy developing new resources to provide start up assistance to new Member Associations as they form and also bringing resources to the table for our ongoing Member Associations to support them as they continue to grow.

EWB-I formed a new partnership with AutoDesk which allows the distribution of FREE licenses of their software to our Member Associations. To get your copy, contact staff by emailing admin@ewb-international.org. In addition, AutoDesk has upcoming trainings which are being posted on the new Events page on our website. These trainings can be accessed by your Member Association at no cost. Also, on the Events page, you'll find virtual events you can participate in from among our network of Member Associations.

In these unprecedented times, EWB-I is focusing on ways to provide connections and resources to you. We have a COVID-19 Resources section on our web site. In addition to sharing links to reputable news sources for information about the virus, we've also included examples of how our different Member Associations have been navigating the past few months. Hopefully these will provide you insights into how our community is approaching the virus and what some of the other Member Associations are doing to help.

Through it all, EWB-I is about relationships. We exist to make connections between our Member Associations and to help provide solutions to challenges you are facing. The Board has been engaged in long conversations about the 'EWB Movement,' something you'll be hearing more about. Together, we will all achieve more.

Thank you for all that you do,
Cathy Leslie

EWB-I Mission & Vision

EWB-I seeks to promote collaboration so that collectively we can achieve more than the sum of our parts and fulfill our mission

MISSION

“To be the beating heart of the engineering movement for sustainable global development, building and evolving engineering capacity throughout the world.”

VISION

“A sustainable world where engineering enables long-term positive social and global development for the benefit of people and the environment everywhere.”

Coming in 2020: New strategic plan

------------	--

EWB-International is currently supporting the establishment of operations in the following countries. To get involved please contact admin@ewb-international.org

Azerbaijan	Ethiopia	Papa New Guinea	Tunisia
Costa Rica	Hungary	Romania	Vietnam
Egypt	Indonesia	Serbia	Zimbabwe
Estonia	Mozambique	Somaliland	Nicaragua
Poland	Russia	Yemen	Sudan
Tanzania	Venezuela		

NEW RESOURCES

EWB International now offers the following resources to its Member Associations

AUTO DESK LICENSES:

- Architecture Engineering & Construction Collection
- Fusion 360
- Media & Entertainment Collection
- Product Design & Manufacturing Collection

START UP RESOURCES:

- Guide to starting a member association
- Guide to building a website for start up member associations
- Membership Management Guide
- User story map for Organizational systems
- Mind map for Member Journey

NEW RESOURCES

-CONTINUED-

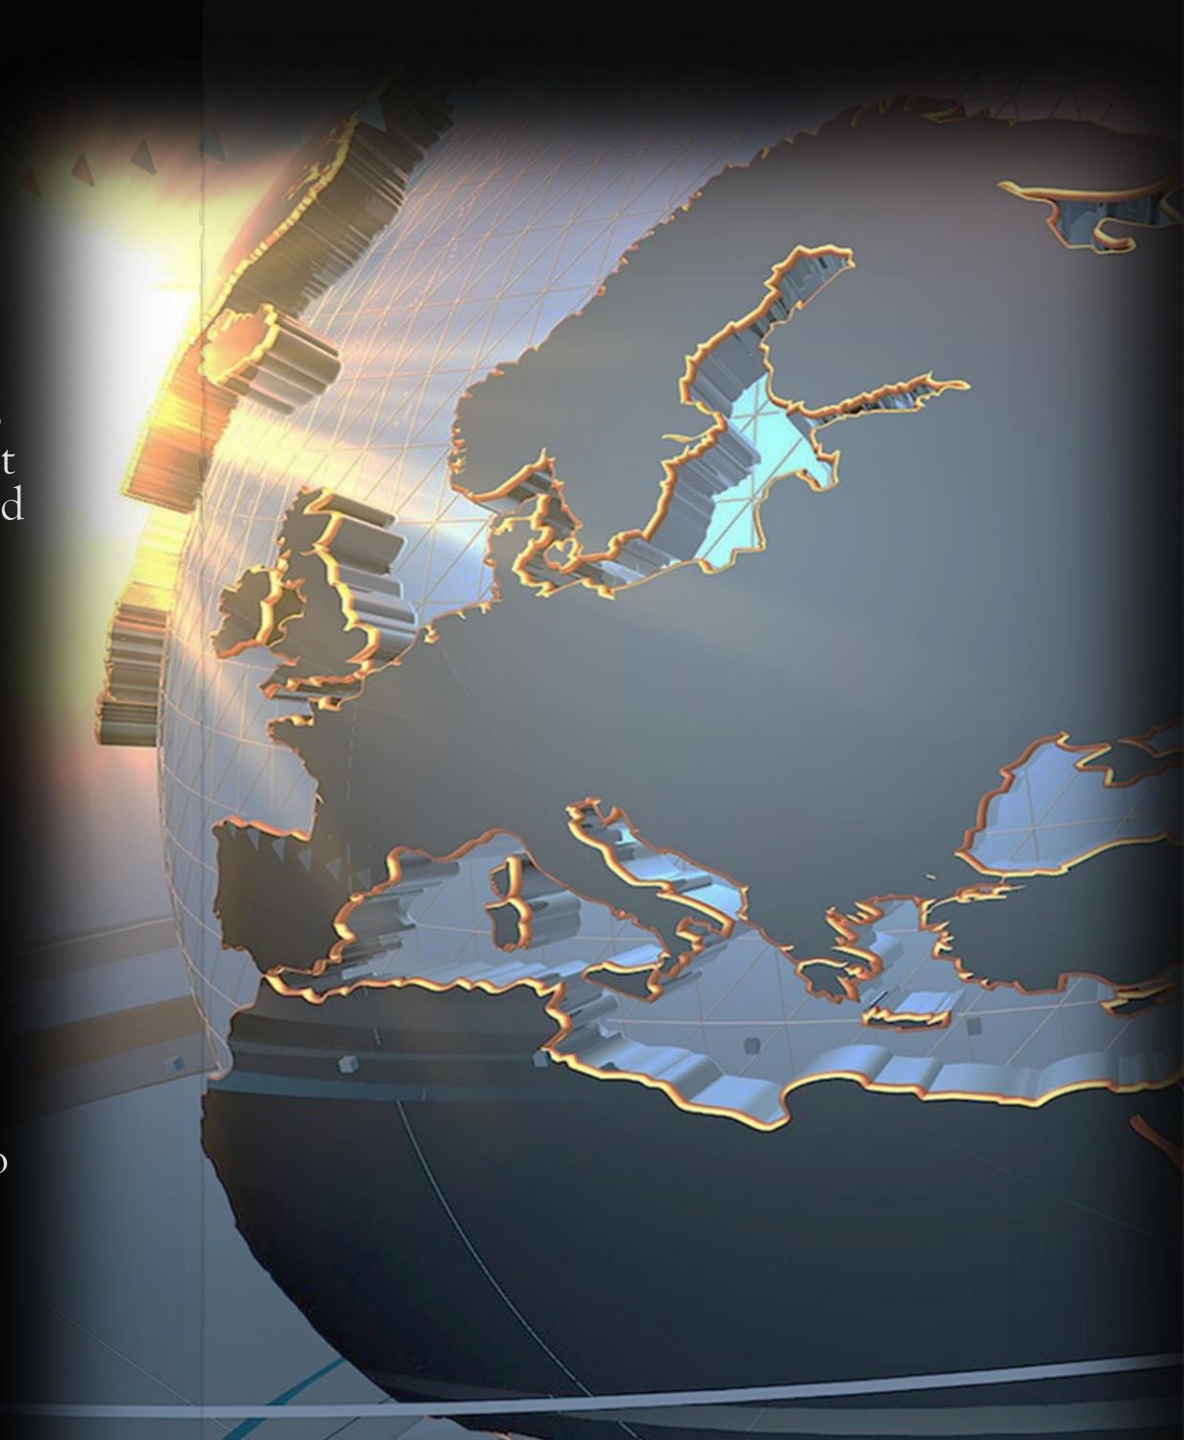

The 2019 Global Virtual Forum hosted virtually to accommodate as many people across the globe as possible. Now presented throughout the year starting in November to give each presentation more focused attention.

TOPICS:

- Engineering for people design challenge – EWB-USA, EWB-UK and EWB-SA
- Global Disaster Response Team – EWB-USA
- Income Generating Urban Gardens- EWB-Philippines (2020)

Join us for the 2020 Global Virtual Forum where we will be broadcasting throughout the year covering a wide range of topics. To become involved email:

bronwynne.oosthuizen@ewb-international.org

EWB-I 2019 BOARD MEMBERS

Cathy Leslie
EWB-I President 2019

Oliver Nachevski
EWB-Macedonia

Eleanor Loudon
EWB-Australia

Wiebke Toussaint
EWB-SA

Denis Mahonghol
EWB-Cameroon

Ashok Agarwal
EWB-India

Boris Martin

STAFF

Wendy Cowan

**EWB-I Secretariat-
Executive Director**

Seasoned association executive with over thirty years experience in all aspects of business management who holds the Certified Association Executive (CAE) credential. Has been associated with Engineers Without Borders for the past twenty years, working to establish new member associations and set them up for success. Wendy has a strong financial background and an MBA from the Pennsylvania State University, and also serves as the EWB-I Treasurer. Due to her expertise in all areas of association governance, she is also serving as the EWB-I Secretary. Wendy has been associated with engineering her whole life as the daughter of an industrial engineer, followed by work at the American Society of Civil Engineers and the American Association of Engineering Societies.

Bronwynne Oosthuizen

**EWB-I Secretariat-
Implementor**

Worked largely in project management, client relations and education with a strong background in community work. EWB-University of Pretoria Co-founder and EWB- South Africa Senior Administrator.

Qualified as a product owner and scrum master in agile development wherein actionable business models are built from scratch and entrepreneurs are supported in creating, marketing and ultimately shipping their product to their end users.

Extremely passionate about conservation and serving communities to improve quality of living with experience in non-profits ranging from animal shelters to crèches for children from low income households with special medical needs.

FINANCIAL REPORTS 2019

-Balance Sheet-

EWB-International works with EWB National Member Associations to drive the UN's Sustainable development goals through corporate partners and donations.

EWB-I brings together engineers, students and anyone with a passion for helping disadvantaged communities improve their quality of life.
